

Frequently Asked Questions – Storage Bins

What is your Guarantee Policy?

Mayne Storage Bins come with a 15 year warranty that covers any defects in materials and workmanship.

What are Mayne Storage Bins made of?

Our storage bins are roto-molded using high quality polyethylene. The resin includes built in UV inhibitors offering long lasting protection from the elements (products won't yellow or discolor).

How do I Maintain my Storage Bin?

An occasional spray with a garden hose or power washer is recommended. To clean the product for best results use soap solution and high-pressure water.

What is Included with a Mayne Storage Bin?

All Mayne Storage Bins include the bin and decorative lid. The Berkshire and Mansfield also include mounting hooks from which a garbage bag can be hung if desired. Detailed Instructions for use are included.

How Difficult will my Storage Bin be to Assemble?

No assembly is needed.

Can I Paint a Mayne Storage Bin?

While there are paints available for vinyl products nothing has been made specifically for polyethylene. We don't recommend painting your Mayne Storage Bin and choosing to do so is done at your own discretion and will void your warranty.

What can be Stored in a Mayne Storage Bin?

Our Fairfield Garden Hose Bin is designed to hold 100 feet of garden hose. The Berkshire and Mansfield Bins are perfect for storing children's toys, gardening tools, pool towels and toys, bird seed or bags of salt for the Winter months. Because Mayne Storage Bins are water-proof and feature a snap fit lid, you can rest assured that the contents will remain dry.
