

Americana Mailboxes

AMERICANA MAILBOXES REAR OR FRONT LOADING

Salsbury 2100 series Americana mailboxes have aluminum die-cast doors which include a five (5) pin cylinder cam lock with two (2) keys. The doors are hinged on aluminum die-cast frames and are attached to the individual compartments with four (4) screws. The mailbox compartments are constructed of 20 gauge steel and powder coated tan. They are designed to stack two (2) high and mount adjacent to each other or between wall studs. All units have the same outside dimensions. Rear loading units can be accessed by the U.S.P.S. when use in Rotary Mail Centers (see page 38). Americana mailboxes are ideal for use in colleges and schools, private postal centers, government agencies, corporate mailrooms, military bases and many other applications.

If Rear Loading:

Units have open backs. Hinged locking rear covers (#2150) are available as an option upon request.

If Front Loading:

Units include solid rear covers. Two (2) master commercial locks with two (2) keys (#2192) open a door panel that swings on a continuous hinge. All openings are usable.

2100 SERIES DOOR SIZES

Replacement doors include frame and lock with two (2) keys.
