Welcome Home

History

For almost 50 years, Special Lite Products LLC has been a leader in the design, manufacturing, and importing of Cast Aluminum Outdoor Lighting Fixtures.

As we strive to maintain our leadership in the outdoor lighting industry, we are proud to introduce to you, our valued customer, the next chapter in our product evolution. Not only will you find the proven best sellers that you are accustomed to using on various projects, but an array of “new decorative looks” that are sure to grab your undivided attention.

Our in-house product designers work diligently with the goal of offering you the most innovative and long lasting product, at an excellent value. Your complete satisfaction from the inception of your order, until the product is installed and operating properly, is our ultimate concern. Our customer service staff has the dedication and education to make this a reality.

All of us at Special Lite Products LLC appreciate the trust you've had in our company, our product and in our service, since 1967. We look forward to writing the next chapter in our history together with you.

Sincerely,
Special Lite Products LLC

Abington

Series

The Abington Series incorporates several different concepts to create an individual style. Each fixture has an Alabaster-like glass lid, leaded stained glass panels, and sculptured cast aluminum arms and cage. These fixtures emit a warm and attractive glow that provides ample light for any entrance, porch or deck.

For use with 3" O/D posts.

Cast Aluminum Bollards

Bollards can be used at key locations to create a sense of separation between pedestrian and vehicular areas and to add visual interest to a streetscape. Please specify if chain loops are required. Bollards ship standard without chain loops.

CRASH TESTS: We have not conducted nor do we intend to conduct a laboratory crash test. We do not boast or claim that given bollards will withstand any given force or impact for liability purposes. Bollards are manufactured and designed as a deterrent and precautionary boundary.

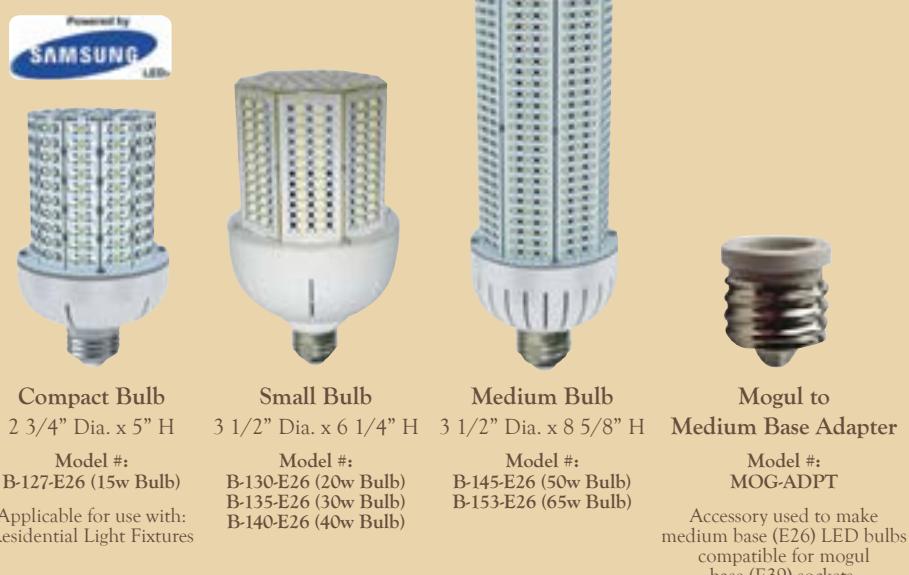

LED Lighting

Smart LED Lighting

Consumers all over the world are converting streetlights to low-energy Light Emitting Diode (LED) fixtures, and for good reason. LED's offer the highest energy savings of any light source available.

In addition, LED's emit directional light, which means we have more control over what is illuminated (streets and sidewalks) and what is not (the night sky).

Our LED bulbs are able to be used with commercial acorn and sphere globes as well as many residential cast aluminum light fixtures. Bulbs can also be used to retrofit existing HID ballast light fixtures.

LED Energy Cost Savings & Return on Investment (ROI)

40 watt LED Replacement Bulb for 175 watt Metal Halide & High Pressure Sodium Bulbs.

Metal Halide 175 Watt Bulb:

- Power Consumption: 210 watt (approx.)

Note: Above results are estimated. Total power larger than lamp ratings due to ballast losses.

VS.

LED 40 Watt Bulb:

- Power Consumption: 41 watt max.

Note: Actual measurements including self-ballast losses.

Energy Savings = 169w/hr (210w of MH - 41w of LED Bulb)

- Daily Energy Savings: 4.05KW (24 x 169/1,000 @ 24hrs/day)
- Yearly Energy Savings: 1,478KW (4.05 x 365 days per year)
- Yearly Cost Savings: \$236.00 (1,478 x \$0.16/KW)

Note: Calculated at 16 cents per KW

Return on Investment (ROI): Approximately 2 years, operating at 12 hours per day.

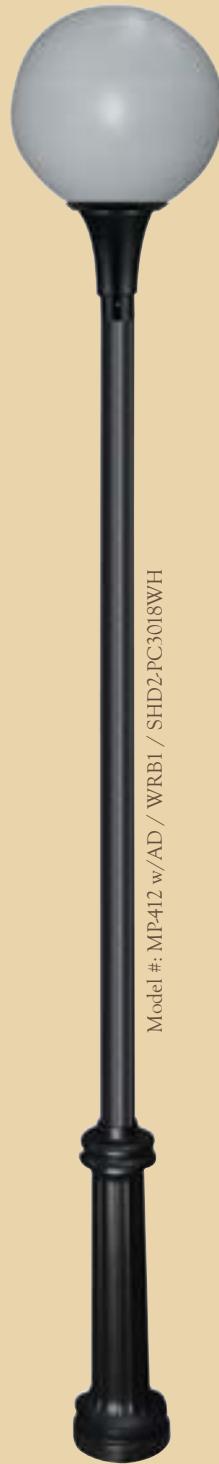

Commercial Lighting

Coordinated decorative street lighting will improve vehicular safety, while enhancing the visual image of the community. Whether you are a builder creating a new master planned community or a town planning a redevelopment street-scape project, we offer the quality and value you are looking for with our decorative commercial lighting.

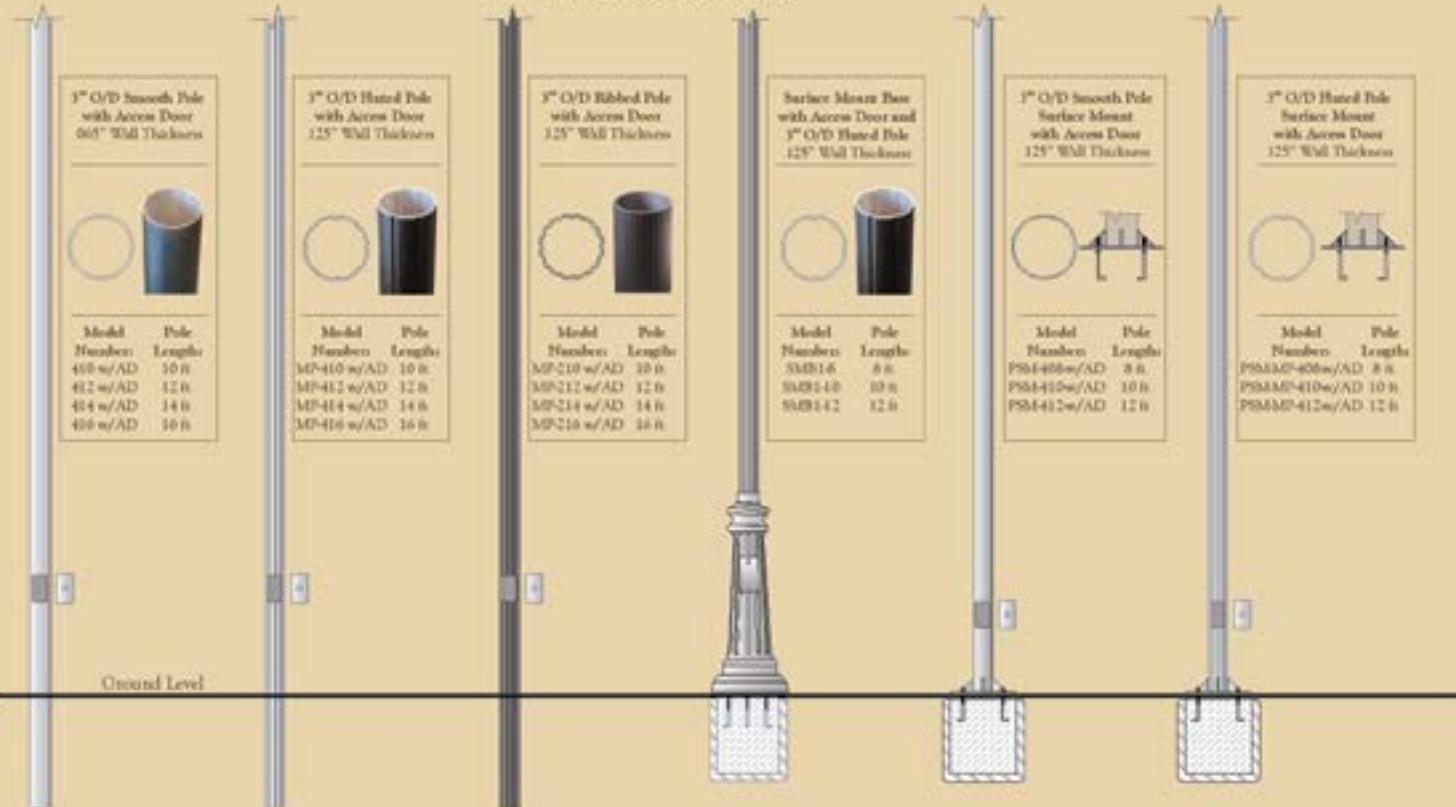

Commercial Lighting

Some of our most popular commercial lighting combinations are shown below.
Visit our website to see our complete line of commercial lighting products.

Commercial Lighting Poles

3" O/D LIGHT POLE OPTIONS

4" O/D LIGHT POLE OPTIONS

See page 43 for decorative base options

See page 65 for finish choice swatches

Commercial Acorn Lighting

We offer a complete selection of polycarbonate acorn globe fixtures in LED, High Pressure Sodium, Metal Halide and Incandescent light sources. These quality lighting fixtures are manufactured from Cast Aluminum with enclosed ballast and stainless steel hardware. Porcelain sockets will be Medium or Mogul Base. TSB-15 (4" to 3" Pole Adapter) required if using with a 4" O/D pole (sold separately).

LED (see page 37 for bulb details)

- Energy Efficient
- 50,000 + hours life span

Metal Halide

- Produces a pure white light
- Bulbs last six times longer than incandescent

High Pressure Sodium

- Produces a golden-pink cast
- Bulbs rated at 24,000 hours

Curbside Mailboxes and Accessories

Our mailboxes have quality you can see.

Our elegantly crafted cast aluminum residential mailboxes blend style, function, and durability. Rust free aluminum and a powder coated finish guarantee that these pieces will keep their beauty through years of use. They are available in all of Special Lite Products finishes.

Our Curbside Mailboxes are offered with or without a paper tube. Coordinating accessories such as direct burial posts, surface mount posts and address plaques offer a variety of ways to mount these graceful pieces.

Floral Curbside

The traditional mailbox shape gets a decorative upgrade with our Floral Curbside Mailbox. Deeply embossed leaf designs on all sides gives the Floral Curbside a charming appearance suitable for either a country or suburban home.

Town Square Curbside

Presenting a sleek and modern design, the Town Square Curbside Mailbox will complement both contemporary and traditional architecture perfectly. Combining modern design elements with classic styling, this mailbox is not an “off the shelf” mailbox and will improve the curb-appeal of your home.

Traditional Curbside

Our Traditional Curbside Mailbox has universal appeal with it's smooth geometric style, accented with a simple decorative braid. The low profile belies the spacious interior. No mounting plate is required.
